Premise and Outside Plant Copper and Fiber Optic Cabling

- Premise Category UTP/FTP/STP and Multimode & Singlemode Fiber Optic Cable
- Outside Plant Copper, Fiber & Composite Cable
- Extended Distance PoE Cable

Cabling Connectivity Solutions - Racks, Cabinets, Copper & Fiber Hardware

- Category Copper UTP & Shielded Termination Hardware Solutions
- Fiber Optic Solutions & Pre-Terminated Fiber and Copper Cable Assemblies
- Network/Server Cabinets, Equipment Racks, and Cable Management
- Data Center Air Flow Management, Containment & Cooling Solutions

Fiber Patch Cords, Copper Patch Cords and Power Cords

- Standard and Custom, Fiber and Copper Cabling Assemblies for Data, AV and Power
- Custom Packaging and Labeling Available

DAC Patch Cords and SFP Optical Transceivers

- GBIC, SFP, XENPAK, X2, XFP, SFP+, CWDM, DWDM, 10G Bidi, 10G/40G/100G Twinax, 40G QSFP+, CFP, CFP2, CFP4, 100G QSFP28 Optical Transceivers and Cables for Virtually Every Manufacturer of Networking Hardware
- The OnePort Coder can Recode the Optical Transceivers
- Limited Lifetime Warranty and Will Not Void the OEM Warranty

Commercial AV Systems - Mounts, Screens, Cameras, Connectivity, & Power

- Audio Visual Racks, Enclosures, Projection Screens, and Display Mounts
- Technical Furniture, Huddle Room, and Meeting Spaces
- AV Cabling Connectivity, PoE Switches and Power Solutions
- Video Conferencing Solutions and Cameras
- Audio Visual Systems and RapidRun® pre-terminated AV solutions

J-Hook and Cable Tray Systems

- Metal and Plastic J-Hook Cable Support Systems
- Wire Mesh and Solid Cable Tray

Cable Pathway and Cable Management Solutions - Data/AV/Electrical

- Poke-Thru, Floor Boxes & Raised Floor Solutions
- Connectrac Over, Under, and In-Carpet Cabling Solutions
- Outdoor power and data pathway solutions

Data Center and Industrial Cabinets, Aisle Containment, and Power

- Standard, Secure, NEMA, Industrial , Seismic, and Custom Floor and Wall Cabinets Options
- STACK Integration and Special Delivery/Handling Services Available for Streamlining Projects
- PowerLok Standard PDUs or Build Your Own PDUs with Optional CordLok
- Made in the USA

Power Cords, Power Distribution Systems, Micro ATS

- Z-LOCK power cord secures both ends without requiring any changes to your PDUs
- Micro-ATS: World's smallest and most efficient Automatic Transfer Switch

Data Center Physical Security

- Cabinet controlled access via InVue Smart Locks / IR OneKey (power transfer/data collection)
- Access Manager Software for real time visibility, audit trail, and compliance
- Rapid deployment, scalable, cost effective, retrofittable, and no need for lock power or data

Flexible Fabric Multi-Cell Innerduct System

- Maximize conduit space, durable and easy to use, saves installation time and money
- Standard, Detectable, Plenum, & Riser

Smooth Wall and Corrugated Innerduct

- Smooth Wall HDPE Conduit 2", 3" & 4" inch
- Split Duct, HDPE, Riser, and Plenum Corrugated Innerduct

P-Touch Line of Industrial Handheld Label Printers

- Longer tapes per cassette and less waste saves money
- WiFI capability and half cut feature makes labeling faster and easier

Multifunction Cable Certification Test Equipment

- Award Winning TestPro CV100 Multifunction Cable Certifier is purpose-built for today's modern Smart Building network infrastructure
- Cable Certification, Fiber Optic, PoE, WiFi, and Network Connectivity Testing
- Network Service Assistant Multifunction Connectivity Tester
